Curriculum Vitae

Notice: you are using Microsoft Internet Explorer, or a text-based browser (in which case you can ignore this note). Internet Explorer does not properly support the XHTML and CSS standards used to render this page the way it is supposed to look. The information is still all there, but for a better result, please consider the Opera and Firefox browsers instead. Read more....

Éric Lemoine

Python, JavaScript, and C developer.

Solid Software Lover.

Age:	39
Email:	Eric -DOT- Lemoine -AT- gmail -DOT- com

Education

Sep 2001 – Jul 2004

Université Claude Bernard de Lyon (UCBL)
Phd student
Subject: New network interface functions for improved performance on multi-processor machines

Sep 2000 – Sep 2001

École Normale Supérieur (ENS)
Master student
Field: High performance computing and networking

Sep 1999 – Sep 2000

Institut National des Sciences Appliquées (INSA)
Engineer student
Field: computer science

Sep 1996 – Jul 1999

Institut des Sciences et Techniques de l'Ingénieur de Lyon (ISTIL)
Engineer student
Field: Applied mathematics

Internships

Feb 2000 – Sep 2000

"Institut de Recherche en Informatique et Systèmes Aléatoires"
Domain: high-performance distributed computing
Task: dev. of a parallel and distributed application with CORBA and MPI
Technology: C++, CORBA, MPI

Professional work

Feb 2007 – present

Camptocamp
Title: senior developer, technical leader, open-source project member
Domain: geospatial, web, open-source
Language: Python, JavaScript, CSS, HTML
Technology: OpenLayers, jQuery, Ext JS, Google Closure, Pyramid, SQLAlchemy

Aug 2004 – Feb 2007

Sun Microsystems
Title: software engineer
Domain: high availability, system programming
Language: C, Java
Technology: Solaris, Sun Cluster, JMX

Sep 2001 – Aug 2004

Sun Microsystems and UCBL
Title: Phd student
Domain: High performance networking, multi-core and network CPUs
Language: C, Assembly (RISC)
Technology: Linux Kernel, TCP/IP, Network Interface Card

Main computer skills

Languages

C, C++, Python, JavaScript, Perl, Java
Shell (bash, zsh, tsch)
HTML, CSS

Programming tools

Git, Mercurial, SVN, CVS
gcc, gdb
vim

Operating systems

Linux (admin, user-level and kernel-level programming)
Solaris (admin, user-level programming)

Databases

PostgreSQL, SQLite, MySQL
PostGIS, Spatialite

Publications

2004

Phd thesis

A new mechanism for Transmission Notification on SMP
Technical report RT-0295, INRIA, May 2004
[bibtext]

Packet Classification in the NIC for Improved SMP-based Internet Servers
In Proceedings of IEEE 3rd International Conference on Networking (ICN'04), Guadeloupe, French
Caribbean, March 2004
[bibtext]

2003

Packet classification in the NIC for improved SMP-based Internet servers
Technical report RT-0285, INRIA, September 2003
Packet classification technical report
[bibtext]

Fast forwarding with network processors
Technical report RR-4710, INRIA, January 2003
Fast forwarding technical report
[bibtext]

Social and personal skills

• Passionate software developer

• Linux user and enthusiat for 10 years

• Open-source believer

• Autodidact, especially when related to computer concepts

• Competent in providing guidance and leadership to others

(This resume is written in reStructuredText, converted to HTML using rst2html and to PDF using rst2pdf; the idea and tools come from Martin Felix Krafft.)
